

# ALL YOU NEED THE COLLECTION IN 2013

Gravures et impressions - **Derives**

**Hanes**® all you need.®

# IT STARTED WITH A SIMPLE IDEA

It started with a simple idea: make the best darn shirt in the world. Period. We've never changed our philosophy. This is why Hanes® is always seen on people who appreciate quality. People like you. Naturally you have high expectations of promotional

textiles and we know you are careful where you put your name. That's why each and every garment meets highest expectations with great styling and top level comfort and quality. Thanks to the wide product range and the almost countless combinations possible, everybody will be able to find their very own, individual style!

# THE T-SHIRT WAS BORN 1901

Over one hundred years ago, John Wesley Hanes revolutionized the clothes market with his two-piece underwear for men. His company became the US market leader for men's, women's and children's wear in the following years. With a success story that continues till today, Hanes® has defined the clothing industry like no other company ever has.

## Hanes® History

1901 1965 1975 1980 1982 1984 1989 1990 1996

### 1901

Pleasant (P.H.) Hanes forms P.H. Hanes® Knitting Co. to produce underwear for men. Hanes® introduces new two-piece underwear, a radical departure from the traditional one-piece union suit that is popular at that time. The American T-shirt is born! The same year, brother J. Wesley Hanes forms Shamrock Mills Co. to produce men's hosiery.

### 1965

The two Hanes® companies merge to form Hanes® Corporation.

### 1970ies

In the mid 70's, executives at Hanes® Knitting discover that their white underwear products are being screenprinted and worn as outerwear. Keith Alms of Hanes® Knitwear believes there is a viable business in selling white underwear T-shirts to screenprinters.

### 1975

Hanes® introduces a heavier-weight T-shirt, called the Hanes® Beefy-T®, specifically for the screenprint industry. Later that same year, Hanes® develops the "screenprinter fold" eliminating the additional cost and handling of individual packaging.

### 1980

Hanes® Printables becomes a separate division of Hanes® Knitwear dedicated to distributing imprintable T-shirts and other apparel.

### 1982

Hanes® starts its business in Europe with a European collection.

### 1984

Hanes® launches "Just My Size" in the US. A brand dedicated to meeting the needs of full-figured women.

### 1989

Hanes® signs Michael Jordan, an up-and-coming young professional basketball player out of the University of North Carolina at Chapel Hill.

### 1990

Hanes® starts printable business in Europe and very fast becomes a big and impressive brand in promotional textile market. Soon after Hanes® also sells in Central Eastern Europe.

### 1996

Hanes® sponsors clothing for about 70.000 voluntary helpers at the Olympic Games in Atlanta.

## 2001

Celebration of 100 Years of Hanes®. The one-billionth Beefy-T® is sold!

## 2004

Transformation from unisex collection to separate collections for men and women has revolutionary impact in the market.

## 2006

Hanesbrands Inc. (Hbl) becomes a standalone, publicly held company!

## 2010

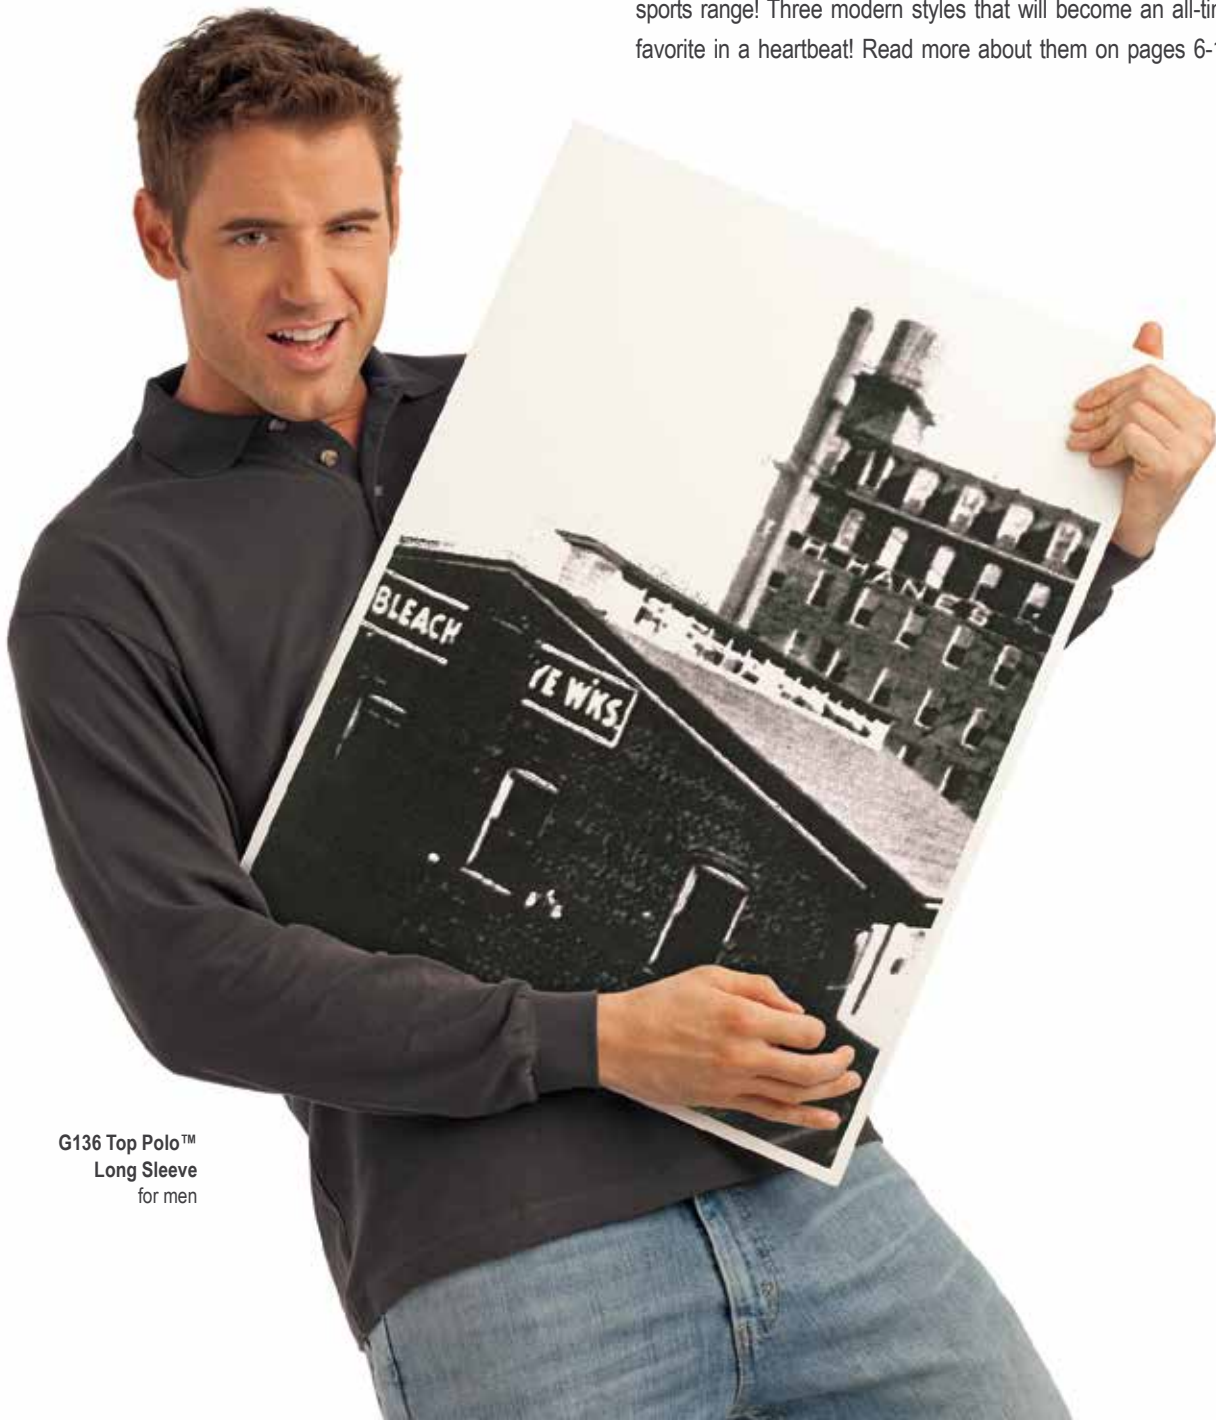

Hanes® introduces organic T-shirts as well as the sports range Cool-DRI®!

## 2012

Hanes® introduces Cool-DRI® Shorts and Sweatpants!

## 2013

The Dutch consumer goods group Smartwares® Holding acquires all shares of Hanesbrands Europe and Hanesbrands UK. Smartwares® also purchases the trademark rights and European licenses for the highly successful Stedman® and Hanes® brands. Hanes® introduces new highlights in its Cool-DRI® sports range! Three modern styles that will become an all-time favorite in a heartbeat! Read more about them on pages 6-11!

7770 Cool-DRI®  
Athletic Track-T  
for men

Our wicking Cool-DRI® fabric picks up moisture and carries it away from your body, spreading it out, to evaporate easily on the outside of the fabric. The result: you stay cool and dry.

# 1975

5180 Beefy-T®  
for men\*

# BEEFY-T®

## THE SUPER HEAVYWEIGHT SINCE 1975.

The name Beefy-T® speaks for itself. This T-shirt comes in 100% super heavyweight high quality ring-spun cotton.

But the American favourite is not the only Beefy style in the Hanes® collection. A quality defined fabric, contemporary styling, the finest stitching, buttons with inscription. These are features of the Beefy Polo™ and Beefy Polo™ Long Sleeve in a superb 100% combed cotton piqué. The compelling Beefy Hooded Jacket™ & Beefy Sweat™ complete the Beefy range. Attention has been paid to every detail of these two sturdy 320 g/m² styles.

## ComfortSoft®

### THE SOFTEST SENSATION ON YOUR SKIN

At Hanes® we believe in comfort. If you don't feel comfortable in your clothes, you cannot focus as well on the important things in life. Wearing comfortable clothes lets you relax. It lets you be yourself and feel good in your skin. The comfortable soft feel on the skin is one of the most distinctive properties of the innovative ComfortSoft® material. And on top of that this range is especially popular with our customers due to its perfect base for textile prints!

# ComfortSoft® organic

## THE HEALTHIEST AND SOFTEST SENSATION ON YOUR SKIN

Many people consider it important to eat organic food. Obviously, we need to be aware of what we put into our bodies and especially what we feed our children. Thanks to a serious commitment by growers, manufacturers and retailers, chemical-free clothing is now easily available to the consumer who would rather not contribute to more toxins on the farms, in their homes, and on their bodies. If you care about what you put in your body, it is certainly time to consider what you put on your body. By making the switch to organic cotton, you have a positive impact on the environment. You choose the eco-friendly option by protecting and conserving our water resources, replenishing and improving soil fertility, improving land quality and our planet in general.

Hanes® ComfortSoft® organic cotton comes with all properties of the innovative ComfortSoft® material and is certified by the Organic Exchange 100 Standard (OE, [www.textileexchange.org](http://www.textileexchange.org)).

# WE CARE because IT'S RIGHT

5530 Fit-T™  
Long Sleeve  
for men

Be smart, be responsible and change the world by changing the way your company does business. The key is for you to network with others that share the same passion and share knowledge with them. We rely on suppliers, producers, subcontractors, joint-venture partners, dealers and consultants who comply with the high ethical standards of our company.

Our garments and accessories comply with the regulations of OEKO-TEX® Standard 100. Furthermore we trade in accordance with the prescriptions of WRAP (the Worldwide Responsible Accredited Production). The regulations and prescriptions are considered extremely important and are strictly enforced by our company and our business partners.

The OEKO-TEX® Standard 100 is a globally uniform testing and certification system for textile raw materials, intermediate and end products at all stages of production. Its aim is to ensure products are free of harmful substances. The internationally binding test catalogue according to OEKO-TEX® Standard 100 is based on scientifically proven parameters and is revised annually in line with the latest legislation and research.

#### It includes:

- substances which are prohibited by law, such as carcinogenic dyestuffs
- substances which are regulated by law, such as formaldehyde, softeners, heavy metals or pentachlorophenol
- substances which according to current knowledge are harmful to health, but which are not yet regulated or prohibited by law, such as pesticides, allergy-inducing dyestuffs or tin-organic compounds
- parameters such as colourfastness and a skin-friendly pH-value, which are precautionary measures to safeguard consumers health

A comprehensive overview of all test parameters and limit values can be found on [www.oeko-tex.com](http://www.oeko-tex.com).

The Worldwide Responsible Accredited Production (WRAP) is an independent, global non-profit organization dedicated to the certification of facilities engaged in lawful, humane and ethical production.

WRAP has incorporated a significant number of “best practices” to assist facilities in becoming more efficient, productive and profitable. Better working conditions for employees, an environmental program designed to protect the environment, and a sustainable platform to provide for future generations, are just a few of the benefits this organization stands for.

The WRAP Certification Program is based on 12 principles focusing on local law and workplace regulations, generally accepted international workplace standards, and the environment.

#### 12 WRAP principles:

1. Compliance with Laws and Workplace Regulations
2. Prohibition of Forced Labor
3. Prohibition of Child Labor
4. Prohibition of Harassment or Abuse
5. Compensation and Benefits
6. Hours of Work
7. Prohibition of Discrimination
8. Health and Safety
9. Freedom of Association and Collective Bargaining
10. Environment
11. Customs Compliance
12. Security

For detailed information about the principles, please visit [www.wrapapparel.org](http://www.wrapapparel.org).

# T-SHIRT FINDER™ WEIGHT

Hanes® offers you 47 T-shirts in the 2013 collection! A T-shirt's weight is one of the main selling points in the promotional textile market. To make your choice as easy as possible, you can search for your Hanes® article by weight in your following Hanes T-Shirt-Finder™. Narrow your selection down by picking lightweight, midweight, heavyweight or even super heavyweight T-shirts for your promotional needs.

**T-SHIRT FEATURES.** *Two of our must-have crew neck T-shirts and their features in detail:*

### PEFC

The PEFC Council (Programme for the Endorsement of Forest Certification schemes) is an independent, non-profit, non-governmental organization, founded in 1999 which promotes sustainably managed forests through independent third party certification. The PEFC provides an assurance mechanism to purchasers of wood and paper products that they are promoting the sustainable management of forests.

Subject to technical changes due to the fact that our products undergo continuous further developments. All weights stated in this catalogue apply to colour articles and are subject to the standard variations. For production reasons, the colours reproduced here may differ from those of the actual products. Prints shown on products are examples only.
